

About Maureen

Maureen has been practicing as a Registered Nurse since 1992. In 2000, she completed aesthetic training at Beauty Therapies, Institute of Medical Aesthetics in Brookline Massachusetts. Since then, Maureen has been working with Dr. George Chatson of Andover Plastic Surgery, where she performs Laser Hair Removal, Chemical Peels, Photofacials and Injectables.

Maureen recognizes that the decision to have any aesthetic procedure performed is a profoundly personal one. Her patient's experience the personalized care for which she is known for. Most importantly, she takes the time to listen to and understand each patient's wants and desires. She has been credited with a wonderful 'aesthetic eye'. Her clientele include local celebrities.

Maureen is a member of the American Association of plastic surgical nurses and American Association of Medical Aesthetic Nurses. She regularly participates in classes/seminars to be able to offer her patients the latest treatments in Medical Aesthetics.

Products

Revitalash® is a unique eyelash conditioner that will help you achieve significantly Longer, Thicker, and Fuller eyelashes.

Like liquid eyeliner, Revitalash® is simply applied once a day. Within three to ten weeks, your own natural eyelashes will look spectacular: Longer, Thicker, Fuller!

These exciting results are seen in women of all ages! No matter how short, fragile, thin, or sparse your eye lashes are, Revitalash® can help you achieve long, beautiful, healthy looking eyelashes.

smart skin solutions.

At PCA SKIN® we use rigorous research and science to develop safe, highly effective products that deliver healthy, beautiful skin. We accomplish this while maintaining a deep respect for human health and the environment. We do not use any synthetic colors or fragrances, and we do not perform or condone animal testing. All of our finished products are tested in case studies with patients in our medical practice.

A Smoother You

Laser and Skin Care Specialist

Feel confident knowing that all of your treatments are performed by a Registered Nurse trained and experienced in Medical Aesthetics.

Services

Laser/Light Hair Removal

Unwanted facial and body hair can be permanently reduced using Laser/Light Therapy. There's no reason to shave, wax or use messy depilatories when there's IPL available. Men and women alike will be pleased with the results made possible by the IPL laser removal process.

Laser/Light Therapy

(also called Intense Pulsed Light Therapy or IPL)
Looking for clearer more youthful skin? Look no further than the Laser/Light Therapy treatments!

Laser/Light Therapy is based on emitting high intensity pulses of light to penetrate the skin and rid you of various conditions with minimal discomfort and no down time. In fact, many patients report the added bonus of a reduction in pore size, smoother skin, and less wrinkles!

We can clinically treat your unwanted skin discolorations, even minimize the appearance blood vessels under the skin, with dramatic results using Laser/Light Therapy.

**Clearer and more youthful skin
is just minutes away!**

At A Smoother You, I use a
Palomar Starlux™ Pulsed Light and Laser System.

Photofacial/Photo Rejuvenation

For those looking to improve the overall texture and appearance of the skin, IPL has exceptional results for photo rejuvenation. Benefits include reduced pore size, reduced wrinkle size and a more even skin tone. Best of all, there's minimal discomfort and virtually no down time.

Pigmented Lesions

Whether they're freckles or spots that have appeared over time due to age or sun exposure, these skin imperfections can be treated with IPL therapy. Achieve and maintain a more youthful and vibrant appearance with the benefit of IPL treatments.

Vascular Lesions

There's no reason to be embarrassed by unsightly veins that mar your appearance such as Rosacea (facial inflammation) or Spider Veins (blood vessels under the skin). IPL therapy can reduce their appearance easily and effectively through a series of treatments.

Injectables

Botox® Cosmetic

BOTOX® Cosmetic is a simple, non-surgical treatment that can temporarily smooth moderate to severe frown lines between the brows in people from 18 to 65 years of age. It is the only treatment of its type approved by the Food and Drug Administration (FDA).

Juvéderm™

Juvéderm™ is a smooth consistency gel made of hyaluronic acid—a naturally occurring substance in your skin that helps to add volume and hydration. Your healthcare professional eases Juvéderm™ injectable gel under the skin to provide a smooth, natural look and feel—so everyone will notice (but no one will know)!

Radiesse®

Radiesse® dermal filler is made of calcium-based microspheres suspended in a water-based gel, and is injected into the skin through a simple and minimally invasive procedure. Radiesse® dermal filler is the ideal choice for total facial contouring. It can restore a healthy, youthful appearance, enhance your existing features, help you defy age and gravity, and increase your confidence – all without invasive surgery or scarring.
